

**CAUTION**

**Contraindications:  
Do not test patients  
with Pacemakers  
or Defibrillators**

### **Ensure You Are Able to Safely Use the Product**

Consult your doctor before using the product if you have pre-existing serious medical conditions (such as a heart ailment), conditions that affect your ability to safely perform physical activities, psychiatric conditions (such as anxiety disorders or post-traumatic stress disorder), or if you are pregnant or elderly. Do not use the product if you are sick, fatigued, under the influence of intoxicants/drugs, or are not feeling generally well, as it may exacerbate your condition.
